Mathias Luder, Co. "A" 2nd Mo. Thirty seven years
of age, was wounded in battle of Chaplin Hills Oct. 20th
8th 1862, the ball shattering external condyle of Femur.
He could not be attended to until he was brought
into Hospital in Perryville. It was then too late for
primary amputation. And it was thought that secondary
amputation would prove fatal. Having lived beyond
all calculations and still there being no hope of his
recovery in his present condition. (The external condyle
of Femur being entirely removed by avulsion and absorption,
the external muscles drew the leg outwards to an angle
of forty five degrees) it was determined on the 21st of
day of July to amputate. Operation (circular) lower
part of middle third femur. Contrary to expectations
she is recovering rapidly. The femoral artery was
ligated without losing an ounce of blood from it.
But the hemorrhage was so profuse from the femoral
vein, that it was necessary to ligate it. His condition

being such, that he could not with safety leave any
Word of consequence.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *h. t.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

The certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.—This blank will be used for both enlistments and re-enlistments. Enlistment of soldiers, etc., etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given on the back.
 NOTE 2.—An enlistment holds to service. A muster-in ticket, in all cases, precedes payment of pay, bounty, pension, etc. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of muster, in the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

FINAL STATEMENT

for Endorsement

OF

Sergt. Richard W. Cornick

2^d Inf Regt of Missouri Vol

VOLUNTEERS.

November 10th 1863

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount is not paid from the United States.

NOTE 7.—This blank will be used for detached companies and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital, or in detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

St. Louis Mo. June 22nd 1863.

I the undersigned do hereby certify that Mrs Henrietta Mayer, 64 years of age, is at present under my professional care for apoplexy; her age and disease causing her to be in a highly critical condition. I further declare, that it is very advisable for the family to arrange their family affairs, in as speedy a manner as possible.

Dr. Chas. Ludwig.

State of Missouri }
County of St. Louis } Philip Steiner of lawful age being duly sworn in his oath says: I know the facts in above certificate of Dr. Charles Ludwig, Surgeon 5th Regt. Cavalry Mo. Militia, to be true. I am the son-in-law of the H^{rs} Henrietta Mayer therein named; she has some valuable property in the City of St. Louis, and also three deaf and dumb children, of all which the proper disposition ought to be made. The only son she has who has all his natural faculties, Morris Mayer, is a drummer in Co. C. 3^d Regiment Mo. Vol. Col. Saitbold; he is was at the time of enlistment under 18 years of age & enlisted without his mother's consent, and the anxiety for him and his unfortunate brother & sisters prevents any change for the better in her

present condition. I am certain, that if said Morris
Mayer could obtain leave of absence from his regiment
for only twenty days, it would, if not preserve the life of
M^r. Mayer, prolong it and she might, after seeing her
said son, die in peace.

I am to and subscribed before

me this 23^d day of June 1863 *Philip Steiner*

James Charles Mueller of Company
K 2d Infy Vols, who entered
the service on the 10th August 61
as such, he was often prevented
from doing duty by ill health, and
on account of this and not having
served before for a longer period
was hindered from improving
his military experience, so that
I can not call him an efficient
officer and I therefore recommend
earnestly that his request may be
granted. Said Elias Mueller is
now under arrest for disobedience
of orders, one last fixed copy of
charges and specifications. He
has been paid to the 31st October 61
by Major C. K. Brady, Pay Master
U. S. A. and has turned over the
Public Property under his charge to
his successor in Command of
Camp K. Capt Jacob Gibelius.

MEDICAL CERTIFICATE.

Private Joseph Monken,
 of the Seventh Regiment of Missouri Volunteers

having applied for a Certificate on which to ground an application for leave of absence,

I DO HEREBY CERTIFY, that I have carefully examined this ^{private} officer, and find that said
Private J. Monken is very much debilitated
from previous typhoid pneumonia
 and that in consequence thereof, he is, in my opinion, unfit for duty. I further declare my belief that
 he will not be able to resume his duties in a less period than sixty days
in which time he could gain more
health at home than at the Hospital.

William Arump
1st Lieut. 2nd Regt. Mo. Vol.
 Commanding Company.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1/2*, *3/4*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1867.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action-endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

A. Ricketts

Clerk.

Camp Schaefer Tenn
Apr 5 1863

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier, the time, place, manner, and all the circumstances under which the injury occurred, or disease originated; the duty, or service, or situation of the party, at the time the injury was received or disease contracted; stating particularly whether the injury was received or the disease contracted in the line of his duty, and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are known to the company commander, the certificate of any officer, or surgeon or other person having such knowledge, will be appended as the surgeon in charge of a hospital, the officer commanding a detachment, or the surgeon in charge of a company.

Respectfully forwarded to Genl. C. C. Cochrane
Comd 2d Inf. 1st Div. 20th Corps

When a probable cause for pension, special care must be taken to state the nature of disability, and to describe particularly the nature of the disability, and the extent to which it deprives him of his strength, or faculty, or affects his health, strength, ability, constitution, or capacity to perform the duties of his position; and the nature of the disability, and the circumstances, and the date of its origin, and the date of the case of discharge, and the date of the receipt of the certificate of the soldier, after a permanent disability, and for disability, the date of the receipt of the certificate described in the within certificate.

Par. 1200 Regulations, Part 1651

Particular care is to be taken that there has been no fraud or collusion, or other irregularity, and that the certificate is given only after a full and careful examination to detect any fraud or collusion.

This certificate will be returned to the company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who had charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these reports to the regimental, detachment, or post commander, who will forward them, with his order endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

HEAD-QUARTERS DEPT. OF THE CUMBERLAND.

Nashville, Tenn, May 25th 1863.

Commanding Officer,

2nd Regt Missouri Infy Vols.
Charles Humbert a Sergeant

of Company G of your Command, was ordered to be discharged from the service of the United States on account of disability, May 18th 1863

By order of Maj Gen W. S. Rosecrans.

A. Baker D. C. M.

Assistant Adjutant General.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.—to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.
